REF	Components							Path			REF	Components							Path																																					
B1	Temperature sensor ntc							15			P1	Level switch							13,14																																					
B2	Low salt sensor							11			Q1	Main switch							46,48																																					
B3	Low rinse aid sensor optical							20-22			Q3	Dispenser actuator							30																																					
B5	Aqua sensor 1							16-18			R5	Mains connection with interference suppressor							52,54																																					
E1	Heater							37																																																
F1	Door switch							39,40																																																
F4	Safety thermostat							37																																																
F5	Safety pressure switch							36,37																																																
F6	safety pressure switch							29-31																																																
K1	Regeneration valve							27																																																
K2	Filler valve							26																																																
K3	Drainage valve							28																																																
K10	Control unit							#####																																																
M2	Circulation pump							39-41																																																
M3	Detergent solution pump							42																																																
M5	Water switch							22,24
