## **Touch-Control EKE 304.0**

### ***Replacing the touch control***

***EGE 304.0***

***spare-part no. 527816 and 527817***

***EKE 304.0***

***spare-part no. 527821 and 527822***

After the old touch controls have been used, the new touch controls will need to be installed with a cable harness and a fitting shield.

The following kits are available for this purpose:

EGE 304.0

Touch control with a cable harness and fitting shield (spare-part no. **530146**).

EKE 304.0

Touch control with a cable harness and fitting shield (spare-part no. **530129**).
