### Ceramic Grill Holder in compact microwaves ovens Production after week 14/2008

#### MODELS

EMWK 1050.0 - EMWG 1050.0 - MWGC 610.1

#### DESCRIPTION

This new system brings the following improvements:

- Easier replacement during service (it is not necessary to uninstall de microwave oven).
- Only one part (the metallic washer that fixed the older ceramic is not used anymore).
- Easier cleaning of the ceramic support (can be removed for washing).

#### NEW HOLDER

held in place by its own configuratoin after insertion on a special shaped hole and a 90° rotation.

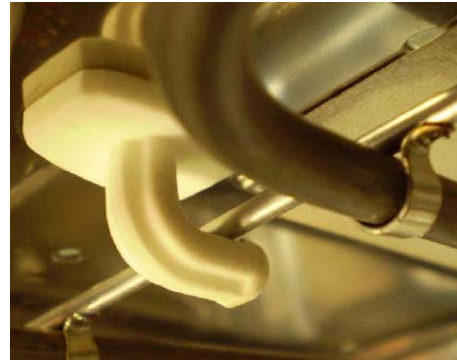

New ceramic holder just before being inserted in a special shaped hole.

---

New ceramic holder after insertion in the special shaped hole and 90° rotation.

### **INTERCHANGEABILITY**

The new ceramic holder isn't interchangeable on microwave ovens on the market, produced before week 15/2008.
