

CONDENSATION WATER ON GLASS SHELVES

Glass shelves with ventilation ill. B) are available in the case of condensation water on glass shelves (ill. A). Once the glass shelf to be replaced has been measured, it is possible to ascertain which glass shelf with ventilation is the right one on the basis of Table 1.

Glass shelf width [mm]	Glass shelf depth [mm]	Type of glass	Glass screen printing	Ventilation flap colour	Glass shelf with ventilation, spare-part. no
477	260	transparent	no	white	432 000
477	275	transparent	no	white	431 371
477	371	transparent	no	white	431 581
