No contact on the lamp socket - Spare-part no. 423 727

Models

IKE 149-4	8551 109 01000
IKE 169-4	8551 108 01000
IKE 219-4	8551 107 01010
IKE 239-4	8551 110 01010

The lamp socket, spare-part no. 423 727 (item no. 6520), is supplied with only one light switch contact. The second contact is connected direct to the harness.

When replacing the lamp socket, the contact connected to the harness must be removed beforehand.

This contact is fitted with a 50-mm long cable and is also available as a spare part.

Cable with a flat plug (contact): spare-part no. 432825
