

A top-down line drawing of a circular arena. In the center is a small robot with a star on its top. Surrounding the robot are several obstacles: a large fan-like structure at the top, a rectangular block on the left, a larger rectangular block on the right, and a small square block with a 'P' and a sensor icon on the right. There are also several small circles representing sensors or lights around the perimeter and inside the arena. Dashed lines radiate from the center to the perimeter.

INDUKTION 200 mm; 2,3 kW
EGO NR. 75.08010.202
