

INDUKTION 160 mm; 1,85 kW
EGO NR. 75.08010.152

Technical drawing of a 12V 100Ah battery with a 100W solar charge controller. The drawing includes three views: a top view of the battery, a side view of the battery, and a detailed view of the charge controller. The top view shows the battery terminals (Orange, Rot) and the charge controller (1, 2, 3). The side view shows the battery terminals (Orange, Rot) and the charge controller (1, 2, 3). The detailed view shows the charge controller with its internal components and wiring. The wiring is color-coded: Orange (Orange), Rot (Red), Schwarz (Black), Blau (Blue), Grün/gelb (Green/Yellow), and Braun (Brown). The charge controller is labeled '100W' and '12V'. The battery is labeled '12V 100Ah'.
