

## Possible information on display in model DVC... (functions of electronic)

Display	What does it mean?	Activation	Disactivation
Letter <b>E</b>	<p><b>E</b> - like error. Can be shown only when alu/metal filters are out.</p> <p>Function is connected with safety system. It is to avoid possibility to operate the hood when the filters are not inside.</p> <p>If a filter is not in place - letter <b>E</b> will be shown, and the system will cut off the power from the motor which is controlling the hood.</p>	It is activated automatically, after dismantling the metal/aluminum filter.	<ol style="list-style-type: none"> <li>1. Install the filter again.</li> <li>2. Press and hold <b>Timer</b> button for more than 5 sec. <b>E</b> will disappear.</li> <li>3. Now press plus key to unlock the system - after it normal work is possible.</li> </ol>
Letter <b>A</b>	<p><b>A</b> means that the hood is in automatic mode. DVC hoods give user a possibility to work automatically (without control from user).</p> <p>A <b>smelling sensor</b>, located in the bottom part of the hood, (just behind the LED lights) will check the air, each 30 sec., and compare it to "zero" condition - memorized after first connection to the supply net. If/when it will detect impurities, it will start at a level that allows to remove it effectively.</p>	Press and hold the <b>minus key</b> - for more than 2 sec. (when fan is in position 0).	Press and hold the <b>minus key</b> - for more than 2 sec. (at any level).
Letter <b>F</b>	<p><b>F</b> - like filter. This letter appears, when aluminum filter should be cleaned.</p> <p><b>NOTE:</b> It is possible to operate the hood when <b>F</b> is shown on the display, however, the user will not see the speed on the display.</p>	It is activated automatically. Program will count total 100 hours, starting from first use.	<ol style="list-style-type: none"> <li>1. Take off the alu filter and clean it.</li> <li>2. Install the filter again.</li> <li>3. Press and hold <b>Timer</b> key for more than 10 sec. <b>F</b> letter will disappear.</li> </ol>
Letter <b>C</b>	<p><b>C</b> - like carbon. This letter appears, when the carbon filter should be changed.</p> <p><b>NOTE:</b> It is possible to operate the hood when <b>C</b> is shown on the display, however, the user will not see the speed on the display.</p> <p><b>NOTE:</b> Program does not recognize if user is using the carbon filter or not. Function is automatically activated.</p>	It is activated automatically. Program will count total 100 hours, starting from first use.	<ol style="list-style-type: none"> <li>1. (If the filters are used) Replace the filters.</li> <li>2. Press and hold <b>Timer</b> key for more than 10 sec. <b>C</b> letter will disappear.</li> </ol>
